

# CONGRESS COFFEE COMPANY RENTALS

# MAKE YOUR NEXT EVENT A LIL' SPECIAL - HOST IT AT CONGRESS!

Congress Coffee is a community-driven space in the heart of Calgary's NE community of Greenview.

Our intimate 30-40 person venue is ideal for private events, including meetings, performances, film screenings, video or board game parties or mix & mingle industry nights.

Our special features include an eclectic, funky vibe, a state-of-the-art analog sound system, a fully equipped performance stage, and the option to have a full-service espresso/sandwich bar or to bring your own outside food and drink (including alcohol, providing the appropriate liquor license has been obtained).

Pricing noted herein is subject to GST and may change at any time.

# About Congress Coffee

Congress is an independent coffee house and performance venue in an unassuming industrial park surrounded by the communities of Tuxedo Park and Highland Park.

With quick access from Centre Street North and Edmonton Trail, Congress has ample after-hours free street and lot parking, making it easy for your guests.

The building is semi-accessible. There are two small steps to the front door, though we do have a portable ramp that can be made available for wheelchair users. We have two gender neutral bathrooms (not built to wheelchair accessible standards).

Inside our cozy space you'll find an eclectic array of art and design, evoking the vintage feel of a 1990s coffee house.

# THE VENUE

## THE CAFE

### A COZY SPACE FOR EVERYONE

Congress is a return to the 90s with a space that is eclectic, comfortable and full of conversation starters. Our mix & match decor is vintage and/ or thrifted, and every item has a story to tell.

Our espresso bar serves deep, rich dark roasted espresso and house-made specialty coffees. We keep our focus on flavour, not frippery. You won't get a heart drawn on your latte, but that doesn't mean we don't love you!

Our back-to-the-basics approach means everyone feels welcome at Congress.

## THE STAGE

### BOTH VINTAGE AND STATE OF THE ART

Congress' performance space has been developed by our in-house acoustician to provide top-notch room sound. With a fully analog set-up, we can host DJs and musicians of any genre, assuring that you will sound incredible.

Our stage is 14' long and 10-12' deep (depending on use of the curtain).
